Women Build March 2023

Partnership Opportunities

Who We Are

Habitat for Humanity Monterey Bay provides affordable homeownership opportunities to low-income families in Santa Cruz and Monterey Counties. We bring people together to build homes, communities, and hope.

Women, especially those who serve as head of their families and women of color, disproportionately face obstacles that make accessing decent, affordable housing seem impossible. At Habitat, we know that stable, affordable homeownership is transformative for low-income families.

As a locally supported nonprofit, the work we do is only made possible through support from our local community.

To see the direct impact your support of Women Build can make, we encourage you to [watch this video of how one single mom got her Habitat home.](#)

What Makes Women Build Unique

In sponsoring Women Build, not only is your organization investing in building critically needed affordable housing, you're helping build strong and stable neighborhoods where residents can thrive for generations to come. Through Women Build, you have the opportunity to emerge as a leader, empowering women to be stronger together.

Women Build participants work in a collaborative atmosphere under the guidance of construction professionals and alongside other volunteers and future Habitat homeowners. No previous construction experience is required.

WOMEN BUILD 2023
