# Who We Are

Habitat for Humanity Monterey Bay provides affordable homeownership opportunities to low-income families in Santa Cruz and Monterey Counties. We bring people together to build homes, communities, and hope.

Women, especially those who serve as head of their families and women of color, disproportionately face obstacles that make accessing decent, affordable housing seem impossible. At Habitat, we know that stable, affordable homeownership is transformative for low-income families.

As a locally supported nonprofit, the work we do is only made possible through support from our local community.

## What Makes Women Build Unique

In sponsoring Women Build, you are investing in building critically needed affordable housing and helping build strong and stable neighborhoods where residents thrive for generations. Through Women Build, you have the opportunity to emerge as a leader, empowering women to be stronger together.

Women Build participants work in a collaborative atmosphere under the guidance of construction professionals and alongside other volunteers and future Habitat homeowners. No previous construction experience is required.
